

## SOLAR GROUND MOUNTING SYSTEM PROJECT DATA

### BASIC INFORMATION

Company name	<input type="text"/>	Date	<input type="text"/>
Contact person	<input type="text"/>	Desired shipping time	<input type="text"/>
E-mail	<input type="text"/>	Start of the installation	<input type="text"/>

### LOCATION INFORMATION

Project name	<input type="text"/>	Wind load	<input type="text"/>	m/s
Site location	<input type="text"/>	Snow load	<input type="text"/>	kN/m <sup>2</sup>
Port of destination	<input type="text"/>	Total project power/size	<input type="text"/>	kW

### PV MODULE INFORMATION

Dimensions	<input type="text"/>	PV module type	<input type="text"/>
Weight	<input type="text"/>	PV module orientation	<input type="text"/>
Power	<input type="text"/>		
Total PV modules qty	<input type="text"/>		

### ARRAYS/TABLES INFORMATION

Tilt Angle	<input type="text"/>	°	Support type	<input type="text"/>	Foundation type	<input type="text"/>
Ground clearance	<input type="text"/>	mm				
Foundation depth	<input type="text"/>	mm				

### TYPES OF ARRAYS/TABLES

Qty of PV Modules in row * columns	<input type="text"/>	Arrays/Tables quantity	<input type="text"/>
	<i>ex. 2V8, 3V8, 3H8, 4H8</i>		<i>ex. 16 tables 2V8, 19 x 3V8, 20 x 3H8, 22 x 4H8</i>

### OTHER INFORMATION

Material grade requirements	Piles/Posts	<input type="text"/>	Terrain view	<input type="text"/>	Terrian Category	<input type="text"/>
	Rafters/Girders	<input type="text"/>	Soil type	<input type="text"/>		
	Purlins	<input type="text"/>				
	Fastemerts	<input type="text"/>
